The Best Source for All Your Bus AC Needs

www.mcc-hvac.com

PN: 89-3085

Any bus

ROOFTOP SYSTEMS

EcoFlex 4e

- All electric
- 13k Btu/hr cooling

EcoFlex 6

- Split unit
- 20.5k Btu/hr cooling

EcoLine 8

- 55k Btu/hr with cooling and heating

EcoLine 10

- 60k Btu/hr cooling only

EcoLine 12

- Up to 75k Btu/hr cooling
- Full ducting or tri-flow partial duct

Eco353 Narrow

- Transit duty rooftop specifically designed for narrow shuttle and school bus bodies
- Brushless motors
- Serviceable from inside the vehicle

Full line transit compressor offering with standard fuel saving un-loading technology

* MCC is your source for Carlyle Bus compressors

we have it

SPLIT SYSTEMS

Evaporators

Slim profile ceiling hung evaporator offering the most headroom clearance. 30k -105k Btu/hr cooling

Integrated return air grill and filter. Reusable wire mesh filter. Serviceable without cover removal

Integrated Bulkhead Evaporators
30k – 60k Btu/hr cooling

Condensers

Advanced MCAC condenser modules
Greater thermal performance (Heat Transfer)
Reduced head pressure
Reduced size and weight without capacity loss
20-40% less refrigerant
Easily maintained robust design / reduced maintenance time

Skirt Mount MCAC up to 130k Btu/hr cooling

Roof Mount MCAC up to 130k Btu/hr cooling

covered
